ENTOMBED A.D. (John Dee – Sunday April 4th)

If you are reading this you properly already know about Entombed A.D. – the deadly sonic force fronted by former Nihilist and Entombed vocalist L-G Petrov. Inspired by such diverse acts as Autopsy, Motörhead, Discharge and Kiss, Entombed A.D is not afraid to think outside the coffin, resulting in a style some fans calls death 'n' roll. Though, in the end it was, is and will just be a band with a style and impact entirely their own. With three full-length albums released under the new persona – "Back to the Front", "Dead Dawn" and "Bowels of Earth" – Entombed A.D have proved their place as the rightful kings of death 'n' roll. This will be their first time at Inferno Metal Festival!

NYRST (John Dee – Sunday April 4th)

Nyrst means "northernmost" in Icelandic and the band holds true to its name when it comes to delivering an incredibly cold, stark and barren soundscape. With lyrics depicting old horror literature with cosmic undertones and very mystic and haunting live performances. The band was formed in 2013 and after 3 years of experience the band released their first demo which received much praise. Their debut album "Orsök" led to Nyrst landing a contract in late 2019 with renowned and well respected label, Dark Essence Records. Influenced by bands such as Emperor, Darkthrone, Bathory and Primordial the band delivers a diverse and epic scope of writing with massive and broad-ranging vocals delivered by their frontman Snæbjörn.

After that, touring and recording became routine and the band has since released "Daumyra" and "Gud". Today the band is a four piece unit that will release all hell at Rock In during Inferno Metal Festival 2021!

In 2015 "Exile" came out and intensified quintet music, bringing in more extreme influences and developing a dramatic sense of narration through cunningly balanced songs.
