CANDLEMASS, NORDJEVER AND IN TWILIGHT'S EMBRACE TO INFERNO 2024

We are proud to announce Swedish legendary doom masters Candlemass, Norwegian black metal band Nordjever and Polish black metal band In Twilight's Embrace to Inferno Metal Festival 2024.

CANDLEMASS

Candlemass is a renowned Swedish band that has left an indelible mark on the world of doom metal. Formed in Stockholm in 1984, the band is often credited with pioneering the genre of epic doom metal, characterized by its slow, heavy riffs and emotionally charged lyrics. One of their most iconic works is their debut album "Epicus Domicus Metallicus," released in 1986. This album not only set the stage for their future endeavors but also established them as a force to be reckoned with in the metal world. Candlemass has gone through various lineup changes and periods of activity over the years, but the band's founder and bassist, Leif Edling, has been the main creative force behind their music, bringing a sense of depth and complexity to their songwriting. With their distinct sound and unwavering commitment to their artistic vision, Candlemass stands as a legendary figure in the realm of heavy metal. That can still be heard on their latest effort, the 2022 album "Sweet Evil Sun". Candlemass performed at the 2005 edition of Inferno Metal Festival – so we are looking forward to welcoming them back to the festival for an epic doom show.

NORDJEVER

Nordjever is a Norwegian black metal band that emerged onto the scene in 2015. The name, which translates to "Northern Devil," captures the essence of their music – dark, intense, and diabolical. With members from established Norwegian acts like Ragnarok, Odium and Doedsvangr, Nordjever is a force that knows their business well. Their aim is to create a sound that pays homage to the traditional elements of black metal while infusing it with their own signature ferocity. Known for their captivating stage presence and relentless energy, Nordjever has solidified their place in the contemporary black metal scene, carrying forward the legacy of Norwegian extreme metal with an unapologetically fierce and intense approach. Their latest album, "Gnavhøl", might just be their best so far and we are looking forward to seeing and hearing the band when they return to Inferno Metal Festival for a third time.

IN TWILIGHT'S EMBRACE

Polish metal band In Twilight's Embrace has been a force in the extreme music scene since their formation in 2003. With a style that seamlessly blends elements of death metal and black metal, their music is a dark and intense journey through aggressive riffs, blistering drum work, and emotionally charged vocals. Throughout their discography, In Twilight's Embrace has showcased their ability to create an atmosphere of tension and raw energy, often touching on themes of death, sacrifice and the decline of mankind. Their commitment to their craft is evident in their powerful live performances. The band's evolution and growth have garnered them a dedicated following within both the Polish and international metal scenes, solidifying their place as a significant player in the modern metal landscape. This will be In Twilight's Embrace first concert in Oslo.
