SUFFOCATION

Founded back in 1988, Suffocation used three years to devolve their unique sound and style of death metal, until the released of the EP “Human Waste” and their legendary debut album “Effigy of the Forgotten” in 1991. The band released several albums that are considering as classics today during the nineteens, before disbanding in 1998. Suffocation reformed in 2002 and has since then steadily given out great records. Suffocation had a massive influence on the death metal genre and pioneered the balance between brutal and technical sounds commonly heard in modern death metal. The band is still one of the best in the genre – something they will show at Inferno Metal Festival 2016!
