MOONSORROW

The Finnish folk metal band Moonsorrow was established as a black metal outfit by the two Sorvali cousins in 1995. After several demo tapes, the band released their debut album “Suden uni” in 2001. Since then the band has released six full-length records, and their seventh album is scheduled to be released 1st of April 2016. The band has also a documentary about their history in the making, called “Home of the Wind”. The members of Moonsorrow also play in other well-known Finnish metal bands, like Finntroll, Barren

Earth,Thy Serpent and Lakupaavi. No wonder Moonsorrow has a good reputation for doing great live shows. Inferno Metal Festival 2016 will be their first Oslo-appearance in eight years – so don't miss the chance to see this excellent folk metal band live! <https://www.facebook.com/Moonsorrow-23474099648/>

DISSECDEAD

Germany's Dissecdead is an old school death metal band that was formed in 2011. The band released their debut album “Swamp of Suffering” last year and is a blood feast for all you fans of classic death metal such as Entombed, Dismember and Bolt Thrower. <https://www.facebook.com/dissecdead/>

THE CRAWLING

When it comes to death doom metal Great Britain has been the pioneers and leaders of the genre. Newcomers The Crawling lead the torch forward and with last year's EP "In Light of Dark Days" they show us that the death doom genre is very much alive. Doom-laden heaviness with deep death growls blended with brutal riffs and groove. This is one of the up-and-coming bands that can't be ignored.
